Paul and Loren,  
 Thank you so much for meeting with me this morning. It was wonderful to meet you both and I look forward to continuing to work with you!

Attached are the tables we discussed for National Monuments and National Conservation Areas. Since National Monuments designated under the authority of the Antiquities Act are the focus of the inquiry, it might be best to focus on those. They are denoted by the a proclamation number, which is the method for designation of National Monument using the authorities in the Antiquities Act.

I spoke briefly with the Byron Loosley and he mentioned that they could provide their yearly reports. The information in the reports was provided by you all, so the information might be similar to what you all already have in your database. They track the information by state, so perhaps we could provide the Congressional Research Office with the state figures for comparison.

Again, it was so nice to meet you both and thank you so much for your help and all the great work you do. Please let me know if there is anything additional information or support I can provide to respond to this request.

Best,

Rachel
